A most unusual photograph of some of the grotesque figures that appeared in the big Santa Claus parade last Saturday evening in connection with the turning on of the town's Christmas lights. The unusual part of the photo is that at the exact instant our photographer Don Look took this flashlight picture from the street his assistant, Al Towne, took a flashlight picture from the second story window of Look's office in the Mus-

grove building, both flashes going off together. Towne used two bulbs to get a view of the whole square. The flash bulbs he used account for the sharp lighting of the photo, especially that in the rear of the spectators in the background, and for the shadows on the street that extend toward the forward part of the photo.

1953 School Budget Up \$75,000 Over 1952

A budget of \$502,911 for 1953, an increase of \$75,000 over this year's appropriation of \$426,000, was considered Monday night at a special meeting of the school committee in order to meet the needs of the town's rapidly growing school population.

This budget will be discussed with the finance committee, possibly Monday night together with a request for \$4535 from the reserve fund in order to enable the department to complete the present year.

The very large increase in the school enrollment last September has presented a problem to the school committee and makes the additional funds necessary.

While school officials expected to receive about 100 extra pupils last fall and made preparations for that number, the actual increase was 250. The expense of making provisions for the additional number in view of the rising cost of school books, fuel and other related items accounts for the extra sum needed over the 1952 appropriation to run the system until the end of the year.

The problem of keeping up with the town's rapidly growing school enrollment has been before the committee for some time. Monday night it was further discussed. The present trend points to another large increase next fall and the budget now being prepared for next year is making provision for additional teachers, supplies and equipment for a large number of pupils.

In this connection it was voted on motion of William A. Doherty seconded by C. Carleton Kimball to request the board of assessors list all children from birth to age 7 in the annual census. This will give a much clearer picture of what the future school population will be.

The members agreed that some sort of planning committee should

Seminary Lights To Glow Dec. 17

The annual display of Christmas lights that yearly draws thousands to St. Francis Seraphic Seminary in West Andover will start Dec. 17 and continue through Jan. 6.

This year the friars at the seminary will carry out a peace motif in the decorations. This will be done through a series of religious paintings depicting incidents in the life of St. Francis of Assisi, patron saint of the order.

To further the spread of their plea for peace the friars have arranged to give every automobile entering the grounds during this period a sticker which will symbolize the Christmas peace and their motto, "Let's Put Christ back into Christmas."

Selectmen Defer Appointment Of Police Chief

Appointment of a temporary or permanent chief of the police department will not be made until some time after the state-wide police civil service examinations next April.

This plan was decided upon by the board of selectmen at Monday night's meeting. As a result the following notice was sent to the police department:

To Whom It May Concern:

The Board of selectmen voted not to appoint a temporary or permanent chief until after the civil service examination which they have agreed to call for April, 1953. This they feel is fair to all concerned and puts all members of the force on a fair and equal basis.

PUNCHARD HIGH

By GLADYS THOMSON

Candy Cane Hop

The Candy Cane hop held Saturday evening was a huge success.

The gym was decorated with red and white streamers and colored lights. Figures of Santa Claus and his reindeer and decorated Christmas trees were off to the side. Those who worked on the decorations were: William Byers, Brook Roberts, Donn Byrnes, David Mowry, Betsy Sparks, Gladys Thomson, Gail Thompson, Anne Sughrue, Alan Wadman, Dorcas and Danielle Johnston, Charles Giovinco, Thomas Pearl, George Adams and Raymond Yancy. Many students from other schools as well as Punchard attended and a good time was had by all.

Christmas Parade

Besides the Punchard girl's band some of the boys were called upon to render their services to help make the Christmas parade, Saturday, a good one.

Note

All the students wish to extend their deepest sympathy to Ansi Angelo, of the English department, whose father recently passed away.

Square Dance

The PTSA will hold a square dance in the gym at 8 p.m. Friday.

The boys who donned various costumes and took the parts of clowns more or less were: Roger Barous, Anthony Sullivan, Frank Hebert, Raymond Doyle, Richard Hudgins, Bruce Stewart, Robert Rose, Robert Henderson, Raymond Nolin, Edwin Brogan, Robert Erler, William Byers, Donn Byrnes, Harold Seinwerth, James Solari, Richard Buttmann, Richard Lawrence and Brooke Roberts.

Art

Francis Dalton's art classes are working on and with papier mache, water colors, colored cadopens, pen and ink sketches, tempera, paints, lithograph sketches, colored inks and linoleum blocks. All work is done from life, memory or imagination.

Ring Committee

The ring committee met Tuesday under the supervision of Agnes V. Dugan, faculty advisor, and selected the style of this year's ring for the junior class. This choice was made from a large assortment and will be passed around to the various home rooms during the next few days for approval. Letters will be sent out to parents in order to receive their permission for the purchase of a ring.

Student Council

The student council held its convention at Winchester Nov. 22 and various delegates gave re-

ports on what they learned. Judith Colmer reported on "The Student Council in Extra Curricular Activities."

One of these methods is the point system while another is forming an athletic association to which every member pays dues. This gains them entrance to all games and assemblies.

Shirley Murray and James Dolan reported on "Ways of Raising Money." Some of the ways such as the sale of pencils, signs, decals and bookcovers are already in use at Punchard.

**Christmas Cantata
To Be Presented**

On Sunday afternoon, Dec. 14, at 4:15 p.m., in the Cochran chapel a group of Andover musicians will present the beautiful but seldom heard Bach Christmas cantata "For Us A Child Is Born." A chorus will be accompanied by a stringed orchestra made up of local residents plus some Phillips academy students. William Schneider, head of the Phillips academy music department will direct, and Dr. Corinne Banta will play the organ.

Three soloists, all of them Andover residents, will sing. They are Mrs. David Oberlin, soprano; Mrs. William Watson, Contralto; and Carl Wetterberg.

CHRISTMAS PARTY

The Bluebirds will have a Christmas party in place of their usual program at the Memorial Hall library at 10 a.m. Wednesday Dec. 17. Mothers will remain in the room to share the fun.

**Auxiliary Fire Dept.
Seeking Recruits**

Volunteers are needed for the auxiliary fire department which is to be brought up to full strength under Chief C. Edward Buchan to meet the requirements of the civil defense program.

A training program under Deputy Chiefs H. L. Hilton and Albert Cole Jr. will be started for all new members to acquaint them with the workings of the department.

Those interested in joining may contact any fireman or the civil defense office in the town house.

Town Pays Tribute To Late Chief Dane

The board of selectmen at Monday night's meeting adopted the following tribute as an expression of deep gratitude that the Town of Andover owes to George A. Dane, chief of police at the time of his passing:

The Town of Andover has lost one of its greatest sons and servants in the passing from our midst of Chief George A. Dane. His absolute integrity was the foundation stone of his character. This quality was combined with a rare understanding of human character and a firm and steady intent to do justice.

Chief Dane loved his town and did his utmost to advance its welfare. None but those close to him are aware of the countless problems that are presented to the chief law enforcing officer of a municipality. Innate good judgment, experience and high ideals were combined in Chief Dane and many difficult and delicate problems were solved in a constructive way.

Chief Dane had a respect for himself and for his position. He knew that his work was important and communicated this spirit to his men. He was frank and direct in his dealings, a wise and prudent administrator, and a persistent seeker after truth.

We mourn his passing. We have lost a good and faithful servant.

Roy E. Hardy
J. Everett Collins
Sidney P. White
Board of Selectmen

The board also voted to send a copy of this tribute to Mrs. Dane.

P.T.A. Guest Night

The December meeting of the Ballardvale P.T.A. was held in the community room with members of the West Parish P.T.A. as guests. IRON FIREMAN**Vortex OIL BURNER**

Because you get better
heating at lower cost
with a VORTEX

Only a Vortex has this money-saving, whirling, bowl-shaped flame. It blankets the entire fire chamber with rich, radiant heat—sends the heat into your rooms instead of up the chimney. Burner reaches top efficiency in a few seconds—applying heat directly to furnace heating surfaces. Relax in perfect comfort and make substantial fuel savings with an Iron Fireman Vortex oil burner.

**Here's the reason**

IRON FIREMAN'S VORTEX OIL BURNER has a bowl-shaped circular flame area which blankets every inch of primary heating surface—giving you uniform heat, with less oil burned.

ORDINARY GUN-TYPE BURNERS have a "blowtorch" type of flame that releases heat in the shaft of the furnace, resulting in less efficient firing and much higher fuel bills.

ABBOT ACADEMY

The Christmas program at Abbot academy began with the Vesper service Sunday when the Abbot Christian Association conducted the service in the school chapel. During the present week, the school prepares for the climax of the program which comes Sunday, Dec. 14, when the Christmas vespers will take place in Davis Hall at 7:30 p.m. This service is open to the public. The doors will be opened at 7 o'clock.

The traditional program, instituted many decades ago will be followed without change, and includes the recitations by various groups giving the prophetic and the historical aspects of the Nativity as found in both the Old and New Testaments. There will be carols by the Fidelio society, The Abbot choir, and the school as a whole. Congregational singing will take place at several points in the program. The address will be given by Miss Marguerite Capen Hearsey, principal, and at the close of the student program the customary organ recital will be played by Raymond Coon, teacher of organ and piano at Abbot. Closing the program Ruth Sidon, daughter of the Rev. and Mrs. Hans Sidon of Methuen, and Natalie Starr of Greenwich, Conn., will sing from "The Messiah" by Handel "He Shall Feed His Flock" and the Recitative: "Then Shall the Eyes of the Blind be Opened." The grand finale will then sound from the organ, "The Hallelujah" chorus by Handel.

Saturday afternoon at Abbot will find the Abbot Christian association hostesses to a large group of Andover children who will meet Santa Claus in the Abbot gymnasium. Games and refreshments will keep the youngsters entertained from 4 to 5 o'clock.

On Sunday, the Abbot choir will sing at the 11 a.m. service in Christ church. Their selection will be "Slumber, My Dove" and Alsatian Christmas Carol. The solo part will be sung by Martha Gross of Exeter, Mass., a member of the senior class.

On Monday evening the school dining room will present a gala sight. The Christmas dinner is a festive occasion with singing, ending with the Plum Pudding march by the seniors who enter the room carrying the flaming puddings to each table. After the dinner there are carols in the school social rooms in Draper Hall.

On Tuesday morning, not long after the early carolling has ceased, the school departs by train, plane, and motor for the holidays.

The new term begins at 6 p.m. on Tuesday, Jan. 6, 1953.

Garden Club Silver Anniversary Tea

The Andover Garden club will hold its Silver Anniversary tea Tuesday at 2:30 p.m. at the Andover Inn. Charter members and past presidents of the club will be guests of honor.

Two of the features of the afternoon will be the cutting of a large birthday cake by Mrs. William Jaquith, the first president of the club, and the relating of past incidents and anecdotes of the club by Miss Bessie Goldsmith, also a past president.

Other past presidents of the club shall each have a turn presiding at the tea table.

A Christmas flower show with arrangements by both junior and senior garden club members, and a sale of assorted Christmas greens and small gifts will help make this meeting a memorable one.

GOOD GOVERNMENT

There is nothing much wrong with a government system that is hated by people who hate everything that is good.

Christmas Shopping

The arrival of Santa Claus in Andover with the colorful street parade staged by the board of trade and the attendant ceremonies of turning on the Christmas lights serve to remind us that the Christmas season is here again.

Already the holiday spirit has made itself manifest. Stores are gaily decorated, attractive merchandise is displayed in their windows and shelves are well stocked with a variety of articles that will make very welcome Christmas presents for old and young alike.

For some of the forehanded the Christmas season has been under way for some time. They were mindful of its approach weeks ago and already have accounted for several items on their Christmas list.

For too many of us, however, we have to wait until that annual warning "Shop Early - Mail Early" is dinned into us before we get going on this important chore. That usually results in getting caught up in the crowd and confusion of the last minute rush.

To avoid this ordeal may we suggest you DO YOUR CHRISTMAS SHOPPING NOW.

There are many reasons for this. You have the opportunity to get the "pick" of the bigger and better stocks by acting now, you will have more leisure to consider gifts and compare values, and you will find salespeople are under much less pressure than they will be later on, and will be better able to give much more attention to your needs.

Andover offers much for the Christmas shopper. To begin with there is no difficult parking problem to vex you when trading here. Andover merchants are ready to give you courteous and friendly attention and their wares are displayed in a manner intended to make gift shopping a pleasure.

Many of them are telling you about the choice selections they have to offer through their advertisements in the columns of The Townsman. Read them. They will help you make up your Christmas lists. See the articles they advertise, and above all, do your Christmas shopping NOW!

ATTENTION WIVES & MOTHERS

There are only two kinds of people to whom the FRESHMASTER Food Plan does not appeal — those who will not take the trouble to understand it and those who understanding it cannot believe that such a wonderful plan can actually be true. But these are the facts: — FRESHMASTER offers YOU and YOUR family better health through better food at less money than you are currently spending on your food alone and at much greater convenience to you.

HERE IS HOW FRESHMASTER IS ABLE TO MAKE THIS ASTONISHING OFFER:

- 1 FRESHMASTER provides you with a four months' supply of meats, poultry, fish, vegetables, fruits and juices.
- 2 FRESHMASTER provides you with a handsome, modern, upright food freezer.
- 3 All this food is delivered right to your freezer.
- 4 FRESHMASTER makes no profit on food, giving you this food at the same quantity discount prices they pay for it — the savings on food plus the many savings which possession of a freezer afford should more than pay for the freezer over a two year period.
- 5 You may continue to purchase food at the same quantity discount prices for as long as you wish, the savings of course to go into your own pocket.

Does this sound too good to be true? Does this sound as if there must be a catch to it? We agree, but at the same time we tell you that this plan is currently being enjoyed by doctors, dentists, research engineers and — yes — even appliance dealers who are willing to forego their trade discounts for the many advantages which this wonderful plan affords. Write or phone for the free booklet "A New Way of Life" which outlines the many benefits of this amazing new plan.

SCHOOL BUDGET UP \$75,000 FOR 1953

(Continued from Page One)

be formed to study the entire school problem, basing their studies on the expected increases over the next 10-year period.

Sec. Doherty was authorized to prepare an article for the next town meeting for the purpose of having such a committee formed. The study would include possible new buildings and the acquisition of land for such buildings.

During the discussion it was noted that the schools are expanding throughout the grades. At present the new Central elementary school is taking care of three classes in each of the first five grades and next September more pupils will be moving into the sixth grade. From that they will move into the junior high school in another year.

It was decided that beginning next fall the special classes will move temporarily into the Stowe school to allow for additional class rooms in the new building. In another year it may be necessary to make some similar arrangement for special classes now in the junior high school building.

The enlarged enrollment will also make the appointment of more teachers necessary next year as the increase reaches into all branches of the department.

All members were present at the meeting. On motion of Mr. Doherty seconded by Miss Anna M. Greeley it was voted to approve the warrant of bills and accounts in the amount of \$2270.41.

Fatally Injured In Auto Accident

A 16-year-old Lawrence girl was fatally injured last Saturday night when she fell from a moving automobile on North Main street, between Poor street and the Lawrence line.

Julie E. Mahoney, daughter of Mr. and Mrs. Vincent A. Mahoney, 146 Olive ave., was riding about 8:45 p.m. with members of her family and had reached forward to snap up the safety catch when the accident happened. She was taken to the Lawrence General hospital in the Andover fire department ambulance and died about an hour later, shortly after Norman Auchterlonie, the ambulance attendant, had given her a pint of blood in an attempt to save her life.

She died of a fractured skull and a laceration of the brain, according to Dr. John T. Batal, medical examiner.

Sgt. David L. Nicoll and Patrolmen Frank Koza, Raymond Collins and Alfred Robb investigated. They reported that the car was proceeding southerly on the west side of the street and at moderate speed when the accident happened. There had been some talk about seeing that the door was closed securely when she reached to apply the catch, and apparently forced the handle downward instead. She was pulled out when the wind forced the door backward.

Her sister, Marguerite, was operating the auto and her mother was in the front seat with the driver. With Julie was another sister, Nancy.

Attendants Francis D. Sparks and Norman Auchterlonie responded with the ambulance. When it was found at the hospital that the girl needed the type of blood that Auchterlonie had, the latter donated a pint for the transfusion.

The girl's mother last Nov. 21 was held up by a gunman in the Cross Coal Co. office in Lawrence where she is a clerk, and forced to hand over \$594 to the robber.

Julie is survived by her parents; three sisters, Marguerite and Nancy and Sister Marie Gabriel, S.N.D., stationed in Somerville; and three brothers, Lt. Joseph V., stationed in New York, Edward and Maurice J. Mahoney 4th.

The funeral was held Tuesday from the M. J. Mahoney funeral home, Lawrence, with a solemn high Mass of requiem at 9 o'clock in St. Augustine's (Lawrence) church. Burial was in the Immaculate Conception cemetery.

Accelerated Mining

The heavily increased requirements for nickel and copper during World War II were met by International Nickel by calling upon its underground mines and by greatly accelerating ore production from its Frood-Stobie open pits where production was started in 1939. Daily ore production from the pits was increased from the 6,000 tons-per-day originally planned, to 20,000 tons-per-day during the war years. As a consequence of the heavy war drain upon the open pits and of their large post-war output, it is anticipated that by 1953 the only surface nickel deposits owned by International Nickel in Canada will have been exhausted.

3 Reserve Police Officers On Duty

Three reserve police officers have been doing considerable work recently because of temporary shortages in the department.

Dundan Cairnie, James Gorrie and Fred Welch have been assigned to duties made necessary, first, by the leave of absence granted Patrolman Edward P. Pettorutto who has been appointed an examiner for the registry of motor vehicles; a second made necessary because of the accident that sent Patrolman John Deyermund to the hospital Nov. 18; and the third due to the death of Police Chief George A. Dane.

Patrolman Deyermund has returned from the hospital and is recuperating at his home, 11 Shawshoos rd.

Some people spend all day getting out of a morning's work.

EXTRA P. O. HOURS FOR YULE MAILING

(Continued from Page One)

Postmaster Boland also has some suggestions for those who send out Christmas cards. Noting that each year the post office receives thousands of Christmas cards too late for delivery by Dec. 25 he says: "The card should be mailed before Dec. 15 if it is going outside this state, or at least a week before Christmas if to a local address."

"I'd send it first class mail because you get better postal service for only a penny more. They will be dispatched and delivered first and they will be forwarded or returned if necessary."

Postmaster Boland emphasizes that you should address envelopes in your very best handwriting. A carefully addressed envelope, he says, is helpful to the mailman and a welcome sight to your friends.

CROWD SEES SANTA PARADE

(Continued from Page One)

ishly as he rode along behind his reindeer on a large float.

Included among the many things Santa tossed into the crowd were a number of gift certificates redeemable for merchandise in local stores.

Headed by the Punchard All-Girls' band the parade came down Main street to the square, to Elm Florence and Park streets to the town hall where Christmas music was played.

Additional music was furnished for the parade by a band from Phillips academy that made its appearance on a float and which contributed some lively selections to the occasion.

The floats entered by the Legasse Amusement Co. of Haverhill were gaily decorated and illuminated to show the figures of "Santa's Little Helpers" and other similar characters.

One of the features was the appearance of about 60 grotesque figures marching in small groups at different intervals through the parade. They were new this year and made a big hit with grownups and children alike.

One of the outstanding floats was that entered by the Sacred Heart school depicting a scene of the Nativity with a small choir of boys singing Christmas carols.

Several pieces of fire apparatus gave the youngsters an added thrill as they brought up in the rear of the marchers.

The parade was delayed somewhat in starting owing to the fact that the Legasse Amusement company had staged similar parades Saturday in Cambridge and Beverly, and the disappearance of a Santa uniform in Cambridge held them up for some time.
